

Drama Club

Abhinay, the dramatics club of IIIT Pune, is the perfect platform to enhance, embrace and nourish the 'Nautanki' factor in you. A club where you get to explore the fundamentals of acting, play theater games and even get to perform original plays by local, young playwrights. It was formed by the very first batch of IIIT Pune by the vision of creating, encouraging and enhancing the art of theatre, acting and stage performances. We want to share and experience this awe-inspiring, buoyant voyage with everyone. In all it is an amazing journey of presenting, experiencing , exploring new genres and portraying these heartfelt emotions to the audience.

Abhinay comprises different sections...

- Scripting (The drop from which the ocean is formed)
- Direction (The salt element without which everything seems incomplete)
- Acting (The skeleton of any performance) and many more.....
