

Dance and Music Club

Vanity Crew - the dance club - acts as a platform to help you explore your artistic talents, boost your confidence and give meaning to the love you hold towards dance. From organizing flash mobs, to dance workshops, and not to mention, dynamic dance performances at college events, it is exactly the place to showcase your talents and get the chance to confidently exhibit your hilarious moves. Vanity Crew is not being just occasionally active, but constant practice, aiming perfection, while incorporating some relishing moments. It believes in getting the edge by learning together by accepting all ideas and thoughts.

Newbie at dance? We will give you a head start. Dancing is passion? We will add fuel to it. Need a platform? We will help you paint your dream. Just dance out your heart, and dance like no one's watching!

The Saaz Club at IIITP ensures that everyone remains in touch with the artistic side of theirs, by creating music spanning across different genres. We never miss participating in any event. From soothing and pacifying solo performances to zestful, rocking band performances, we got it all. With the technical proficiency and music knowledge of the club members, willing performers get to express their music in the most impactful, impressive and engaging way.
